Squirrel

www.penguinlovesmev.co.uk

There are a few parks
around our home.

But squirrel is
deranges. OK?

OK. Deranges.
I get it.

However, if it happens once,....

Look at that!
His his. Men. You've
learned it before.
What is that?

Umm.
Hold on. I know
Said something
with "gas".

Because it leaves on
the tree? Ho ho. Well,
yeah, it makes sense.
Tree mouse.

Yeah!
Nemagood!

And I am persuaded by him.

One day,
we were sitting on the bench

... he only remembers what he made up.
That's the problem.

Alright,
I'm silly.

So I taught him a new word.

But if I teach him something...

Then,
a cute squirrel came very close to us.

But no sooner, he left us.

So we often go for a walk
to the parks.

When we go to the park,
we meet many different birds.

And we also see many squirrels
that are busy climbing up and down the trees.
